## November 2018 Newsletter

**Welcome to the first edition of the TVC Leisure newsletter, which I intend to produce every month.**

Through this newsletter I plan to keep you informed of developments within TVC Leisure, keep you updated on the latest products available and also make you aware of any key industry news. As always, November was a busy month with a number of new customer installs, plus our engineers have been busy upgrading our Casino King digital gaming terminals to the new Black Menu which adds 5 new games to keep new and regular players interested alike.

Check out our blog from last week introducing the new Thunder digital jukebox which is now available from TVC Leisure. All our digital jukeboxes should now have the Christmas shortcut icon on the home screen, which will direct your customers to the full menu of Christmas songs! Please let our engineers know if your jukebox doesn't have this feature yet.

Throughout Christmas our office is closed from 5pm Friday 21st until Wednesday 2nd January. Our collection and service runs will continue as normal, however the day we visit you may vary. This will be arranged with you in advance to avoid any disruption and our service engineers will be available everyday as normal except Christmas Day.

I wish you all a very Merry Christmas!

# 5 Ways to Make the Most Out of Christmas

Whether you're ready for it or not, Christmas is just around the corner!

At this festive time of year, there's nothing more appealing than a cosy pub. Warm lights and friendly chatter entices customers in from the miserable weather outside. But how can you make sure that your pub is the place to be this Christmas?
