

# TVC LEISURE

Gaming and Amusement Machine Supplier

September 2019 Newsletter

## Welcome to our September Newsletter!

September has been an exceptionally busy month for TVC, even by our standards, and I'm sure our engineers would agree!

Collectively we have completed 6 new installs, a large number of pool table re-cloths and upgrades in preparation for the winter pool leagues, digital gaming and jukebox upgrades along with maintaining our high level of service and quick response times to technical issues. A massive well done is owed to our technical team this month!

At TVC we are currently proud sponsors of the Andover pool league and the Oxford pool league. We supply many venues that participate in the leagues and work closely with league officials to ensure our tables are supplied to the highest standards for its players during season time and tournament events.

I'm very excited to announce that during September we became sponsors of the Maidenhead pool league, and look forward to working with the committee over the coming months to deliver our high standards to its players. We will be running various promotions for league venues to take advantage of, so if you are an existing member of the Maidenhead pool league or thinking of entering a team, please get in touch.

October is already looking like a busy month as we continue to re-cloth and service customers pool tables for winter leagues that start at the end of the month. We have more pool table upgrades to complete as well as digital gaming machines and digital jukebox upgrades over the upcoming month.

Make sure you are following our social media accounts where we regularly upload images of our work, you can find us on Facebook, Twitter & Instagram.
