

Welcome to our December Newsletter

It has been an extremely difficult and stressful year for us all and I am sure we are all glad to see the back of 2020. I have high hopes that 2021 will be a more prosperous year with less restrictions on our businesses.

As our most challenging year draws to an end, I would like to extend a huge thank you to our customers and suppliers that have supported us throughout this period. Despite the challenges our team have worked tirelessly to deliver the service our customers have come to expect as best as we can, I appreciate your patience and cooperation during these difficult times.

I would like to wish you all a Merry Christmas and a Happy New Year, and hope you get to enjoy some time with your families. Here's to a prosperous 2021.

Adam Jenkins
Managing Director

Contactless Payments

Game Payment is a secure cashless payment system, that enables gaming machines to accept contactless payments using a free mobile phone app.

TVC Leisure has fitted the system to a number of our gaming machines this year, with some very encouraging results.

We will continue to upgrade our machines over the coming months, as more models become compatible with the new technology.

Please click the link below for more information about the Game Payment app.

Pub21 Trade show Cancelled

After a successful Pub20 trade show in February we immediately signed up for Pub21, which was due to be held at The ExCel Centre London in March.

Unfortunately, due to Covid-19 The Pub Show has been postponed for 2021, and will now take place on 28th February – 2nd March 2022.

Harsh restrictions and lack of Government support has led the hospitality industry to be the worst hit sector in 2020. Pub22 will be a great opportunity to meet with suppliers, network and share ideas and begin to rebuild the UK pub industry.

Tier 4 Security Measures

To all our customers who have been put into tier 4 and empty their machines.

As a precautionary measure we recommend you remove all cash from your machines including floats and leave all the doors open. This will prevent any damage in the event of a break in.

TVC Leisure will not charge rent on any equipment that we supply to customers who are forced to close under the tiered restrictions.

Christmas Service

For customers that are able to remain open throughout the Christmas period, our service engineers will still be available to assist you with any technical issues.

As always please call our service number, or send us a text message.
